Call for Papers

About

The **"International Congress of Computing and Informatics of Northern Chile"**, organized by the **INFONOR-CHILE** consortium, is the most important event of the Macro-Zone of Northern Chile.

One of the objectives of this congress is to become a meeting point to present and discuss scientific contributions from the different disciplines of computer science and informatics, applied research and innovation in technological-industrial activities. For this, considered:

- Presentations of articles with scientific contribution.
- Presentations of papers on experiences in the IT industry.
- Tutorials and conference with important invited researchers.

Venue

In 2022, the XIII version of INFONOR-CHILE will be held in the city of Iquique on September 28, 29 and 30 online. The congress is organized by:

- **University of Tarapacá.**
- **Arturo Prat University.**
- **Catholic University of the North**
- **University of Atacama.**

Iquique is a coastal city located in the Atacama Desert in northern Chile, in the Tarapacá region. It is a port city, with beautiful beaches and an important commercial activity mainly due to the free trade zone (ZOFRI). It has an important hotel infrastructure. Iquique has a privileged climate, with average maximum summer temperatures of 27° Celsius and minimum winter temperatures of 14° Celsius. It is known as the "Land of Champions", due to the large number of sports titles won by its sports clubs and athletes. More information at: <http://chile.travel/donde-ir/norte-desierto-atacama/iquique>.

Areas of Interest

The conference accepts original research papers in the following disciplines, but not limited to:

- Software Engineering.
- Data and Knowledge Engineering.
- Robotics and Automation.
- Intelligent Systems.
- Emerging Technologies and New Trends in Computing.
- Information Systems.
- Education in Computing and Informatics.
- Parallel and Distributed Systems.

Important Dates

- Submission of articles: July 20, 2022.
- Acceptance notification: August 12, 2022.
- Final version submission: September 2, 2022.
- Submission of business papers: July 20, 2022.
- Notification of acceptance of business papers: August 12, 2022.

Submission of papers

Researchers are invited to submit articles reporting original scientific research results in Spanish or English language. Articles should be written in the INGENIARE journal format (using the template found at https://www.ingeniare.cl/files/FormatoArticulos_Ingeniare.docx and submitted through the easychair platform at the following URL: <https://easychair.org/conferences/?conf=infonorchile2022>.

Papers will be reviewed and evaluated by an international "double blind review" program committee. The 10 best papers accepted and presented at the congress will be considered for publication in the journal INGENIARE (Scielo/Scopus indexed).

Business Papers Submitting

Professionals and companies are invited to propose papers on ICT application experiences in the industry. Proposals will be evaluated by a local committee.

Author Registration

To present a paper at INFONOR-CHILE 2022, it must be accepted, and at least one of the authors must be registered and present the paper at the congress.

Parallel Events

- VI Workshop on Data and Knowledge Engineering (WDKE).
- XI Workshop on Education in Computing and Informatics.
- X Workshop on Automation and Robotics.
- XII Workshop on Software Process Improvement.
- Innovation and Technology Transfer Workshop.
- International Guest Lectures and Tutorials.

Organizing Committee

Executive President: Fernando Medina Quispe.
